### EVO-LINK

- ▶ Strong but light weight
- ▶ Smooth operation
- ▶ Wide adjustment range with balljoint
- ▶ Optional fine adjust system available \*1
- ▶ Black surface
- ▶ DGUV-V17 / V18 verified

EVO-LINK-350 ,El Gordo'

EVO-LINK-200

EVO-LINK-201

EVO-LINK-210

EVO-LINK-211

The EVO-LINK product line completes the EVolution of projector hanging accessoires. The lineup is now extended at its top end by the great LINK-350 also known as ,El Gordo'.

In combination with the EVO frame series the EVO-LINK assures a quick, safe and easy set up of a hanged projector. The integrated ball joint allows a super smooth and wide-ranged setting.

For very accurate setups the EVO-LINK with fine adjust system is the right choice. Due to our 3-plates-technology, that is implemented in the EVO-LINK body, your adjustments stay exactly as they are after setting tight. If a customised system is required, just contact us - we can provide the right product for every application.

\*1 Not for the LINK-350 ,El Gordo'.
